

George Bush is due to arrive in Australia for the APEC summit. We say:

“DENY GEORGE BUSH A VISA”

Reasons for denial: fails the character test

Bush is part of a shady international terrorist organisation known as the “coalition of the willing”. Motivated by fundamentalist ideology, this gang was responsible for the invasion of Iraq that resulted in over 600,000 innocent people being killed. Also responsible for the invasion of Afghanistan and the training and supplying of other regimes in their global terror network. Also known to support torture, abuse civil liberties and vilify Muslims. Also known to have an association with this criminal below.

John Howard is one of the leading ideologies in the “coalition of the willing” gang. Doesn’t just vilify Muslims and invade their countries, but does the same to indigenous communities. A prolific liar and hater of freedom and democracy, this shady character has also attacked trade unions, civil liberties and imprisoned innocent refugees - including children - in desert detention camps. Wants to take women back to the 1950s.

It is in the interest of the Australian people to disrupt this terror network. Who knows what atrocities they will be planning at APEC when they get together with more of their gang? **Secret information** gives us **a reasonable suspicion** that they want to destroy the Planet with a dirty bomb, ie carbon emissions and radioactive waste. We reserve the right to take pre-emptive action by denying their ringleader a Visa. It is our right, remember:

We will decide who comes to this country, and the circumstances under which they come.

Speakers include: Emma Hine (Qld Greens)
Sam Watson (Indigenous rights activist, Socialist Alliance)
Scott Wilson (ETU)

**4.30pm Brisbane Square (opposite casino)
Friday 31st August**

Organised by Stop the War Collective. For more information phone Mark on 3891 5385 or Ewan on 0401 234 610. Stop the War meets on the first and third Monday of each month on the second floor of the TLC Building, 16 Peel St, South Brisbane.
